

MK-7 is made via fermentation by *Bacillus licheniformis*. MK-7 (Menaquinone-7), an enhanced bioactive form of vitamin K2, is ten times better absorbed than vitamin K1 from spinach.* Certain research publications indicate that MK-7 may help support the following:

- Supports healthy bones*
- Supports healthy cardiovascular function*
- Supports healthy aging*

SUGGESTED USE: As a dietary supplement, take one (1) capsule daily with a meal or as directed by your qualified healthcare professional.

MenaQ7® is a patented form of Vitamin K2 and is a registered trademark of NattoPharma ASA, Norway.

Keep out of the reach of children.
Do not use if safety seal is broken or missing.
Keep in cool, dry place.
