GNC's Product Development Scientists were challenged to create an advanced delivery form of amino acid supplements, a critical sports nutrition component that can be used in the regimen of top athletes. The result of these research efforts led to the creation of the RapidDrive™ Amino Series, a core group of superior and fast-absorbing amino acids for rapid muscle fuel. This unique technology is much more advanced compared to regular amino acids. Because our team is dedicated to continually improving sports nutrition products, the Pro Performance® RapidDrive™ Amino Series helps you, the athlete, get fast fuel for your muscles.

Pro Performance® RapidDrive™ Pre-Workout Amino Complex features our most advanced RapidDrive™ Amino Acid Technology. This formula has been scientifically designed to provide your body with the most important amino acids needed before exercise. These ingredients have been pulverized, or "micronized," from large molecules into smaller particles that are easier to absorb and facilitate fast fuel for powerful performance.* It features micronized beta-alanine which stimulates muscle carnosine levels - a key fatigue-controlling factor.* Combines micronized L-arginine with micronized citrulline, key precursors to nitric oxide (N.O.) to get you those extreme pre-workout pumps!* Supplies a 3:1:1 ratio of micronized branched chain amino acids (BCAA) to help reduce protein breakdown, preserve glycogen stores and stimulate muscle protein synthesis.* This supreme amino formula is also equipped with L-carnitine to help convert fatty acids into energy and alpha-ketoglutarate (AKG) which is important for amino acid availability and protein synthesis.* This formula is sugar-free and stimulant-free so it can be taken any time, day or night.

RapidDrive™ AMINO SERIES

PRE-WORKOUT AMINO COMPLEX

DIETARY SUPPLEMENT

MICRONIZED FORMULA DESIGNED TO ENHANCE FATIGUE-CONTROLLING FACTORS*

LOADED WITH 7 GRAMS OF AMINOS, BETA-ALANINE & CITRULLINE

ZERO-SUGAR, STIMULANT-FREE

NET WT 10.92 OZ (310 G)

CODE 351195 JKG

DIRECTIONS: As a dietary supplement, mix one scoop (15.5g) with 8 fl. oz. of water before each workout.

Supplement Facts

Serving Size One Scoop (15.5g)
Servings Per Container 20

Amount Per Serving		% Daily Value
Calories	5	
Total Carbohydrates	1g	1%†
Micronized beta-Alanine	3200 mg	*
Micronized L-Leucine	3000 mg	*
Micronized L-Isoleucine	1000 mg	*
Micronized L-Valine	1000 mg	*
Micronized L-Arginine	1000 mg	*
Micronized L-Taurine	1000 mg	*
Micronized L-Carnitine	500 mg	*
Micronized alpha-Ketoglutarate (AKG)	100 mg	*
Micronized Citrulline	50 mg	*

†Percent Daily Values are based on a 2,000 Calorie Diet.
*Daily Value not established.

OTHER INGREDIENTS: Natural and Artificial Flavors, Citric Acid, Malic Acid, Lecithin, Sucralose, FD&C Red #40.
CONTAINS: Soybeans.
NOTICE: Significant product settling may occur.
No Sugar.

CarnoSyn® Carnosine Synthesizer Uses of beta-Alanine are licensed from Natural Alternatives International, Inc. under U.S. Patents 5,965,596; 6,172,09881; and 6,426,36182.

KEEP OUT OF REACH OF CHILDREN.
Store in a cool, dry place.
