HERE AT NATURAL FORCE,  
WE HELP PEOPLE LIVE  
HAPPIER, HEALTHIER  
LIVES, WHILE MINIMIZING  
OUR IMPACT ON THE  
PLANET.

Every time you purchase one of our nutrient-dense products in sustainable, non-toxic packaging (like you're holding right now), you help us achieve this mission. Thank you!

*John & Joanne*

## A healthy metabolism starts with clean protein.

We believe that adequate daily protein can be essential for regulating appetite, maintaining a healthy weight, and supporting lean muscle.\*

This is why we start with milk from heritage breed Jersey cows, pasture-raised exclusively on U.S. family farms. Then, we gently process the whey to retain high levels of clean protein perfect for your everyday needs.\*

## How to get started:

*This clean protein contains no fillers or mixing agents and is not designed to be stirred with a spoon. For best results, use a blender or shaker cup.* **SMOOTHIES:** Pour 12oz cold liquid into your blender. Add 1 level scoop with 1 cup frozen greens, ½ cup frozen fruit, and 1 tbsp quality fat such as MCT oil. Blend until smooth. **SHAKES:** Pour 12oz cold liquid into your shaker cup. Add 1 level scoop and shake vigorously. **BAKED GOODS:** Add 1 level scoop to your favorite pancake, waffle, or baking mix.

## This is what organic grass-fed looks like.
