32 FL OZ (946mL)

WHOLE FOOD BASED DIETARY SUPPLEMENT

Fire up your day with pure C8 MCTs.

We believe that C8 Caprylic Acid is the best type of MCT oil for ketosis. C8 is three steps away from being converted to energy by the body, the fastest MCT to metabolize in the brain, and will convert into ketones even if you aren't fat-adapted.*

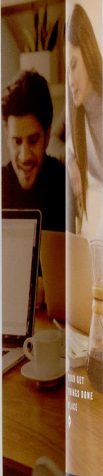

This is why we created a concentrated, 100% pure C8 MCT oil. Just one dose will fire up your day and give you a rush unlike anything you have experienced before.*

How to get started:

COFFEE: Blend 1 tbsp Pure C8 MCT with 8 oz warm brewed coffee. Add 1 scoop Collagen Peptides for a protein boost! **SHOTS:** Consume 1 tbsp for immediate energy. **SMOOTHIES:** Add 1 tbsp to your favorite smoothie or shake recipe.
