Pure Omega-3.

MERCURY FREE.
WILD CAUGHT.
INCREDIBLE TASTE.

LEMON CAKE

A spoonful a day keeps the doctor away.

We believe that omega-3 fatty acids may be critical for maintaining overall wellness. However, some fish oils are contaminated with toxins such as mercury, PCBs, and dioxins.*

We start with sustainably harvested, small Menhaden fish, wild-caught in Mid-Atlantic waters. Each batch of Pure Omega-3 is molecularly distilled to remove impurities, tested for toxins, and bottled in UV-blocking glass to preserve freshness.

How to get started:

OFF THE SPOON: Consume 1 tsp daily for general health and wellness.*

SMOOTHIES: Add 1 tsp to your favorite smoothie or shake recipe for a fresh boost of omega-3!

COFFEE & TEA: Blend or stir 1 tsp into coffee, matcha, and more!
