

CODE 130422

KNG

A report published by the US Department of Health and Human Services suggests that SAM-e provides clinically significant health benefits for individuals seeking mood support (1600 mg daily), joint comfort and healthy liver function (1200 mg daily).^{*} SAM-e provides mood support, as well as relief to joint discomfort, and these benefits are comparable to conventional therapies.^{*}

Directions For Adult Use Only: As a dietary supplement, take one tablet in the morning and one tablet in the afternoon for the first week. If after the first week the desired benefits are not achieved, then you may require a higher level of supplementation. Gradually increase the number of tablets up to eight tablets in divided doses of two tablets (400 mg) throughout the day until benefits are achieved. **Do not exceed eight tablets daily.**

Supplement Facts

Serving Size One Tablet

Amount Per Serving

SAM-e (S-adenosyl-methionine) 200 mg^{*}
(as Disulfate Monotosylate)

^{*} Daily Value not established.
