Phytosterols are natural components of plants, including vegetables and grains. Numerous clinical studies have demonstrated that plant phytosterols can help to support healthy cholesterol levels already within the normal range. The three main phytosterols in phytosterol complex are *beta*-sitosterol, campesterol, and stigmasterol. They are natural, safe, and derived entirely from plant sources.*

Do not use if either tamper-evident seal is broken or missing. Keep out of the reach of children.

Suitable for vegetarians. Contains no yeast, dairy, egg, gluten or wheat. Contains no sugar, starch, preservatives, or artificial color, flavor or fragrance.
