

Helps promote
muscle function*

Electrolytes are essential to hydrating the body.* NutriBiotic® Essential Electrolytes offer support by helping promote electrical impulse function when taken prior to light athletic activities.* They also help rehydrate by replenishing lost (through sweating) and utilized (through use) electrolytes when taken after these activities.* Provide your body with these essential nutrients to help increase performance and promote faster recovery!*

NutriBiotic Essential Electrolytes combine 100 mg of vitamin C with electrolytes (calcium, magnesium, potassium, sodium, chloride, zinc, and chromium).

Suggested Use: For electrolyte response, adults, take 1-2 capsules before and after performing any light activity.

Important: Always maintain adequate fluid intake during any activity.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.
