

Source Naturals **YAEYAMA CHLORELLA**® contains non-GMO freshwater chlorella, grown on the coral reef island of Ishigaki, Japan. This superfood is a species of green algae and a great source of vegetarian vitamin B-12. It is also a good source of iron and vitamin A and a complete vegetarian protein. Chlorella gets its green color from the plant pigment, chlorophyll. Preliminary evidence, including some human research, suggests that chlorella may help support the health of the liver and the immune system.\*

**CAUTION:** If you are pregnant, may become pregnant, or breastfeeding, consult your health care professional before using this product. If you experience nausea or stomach discomfort, discontinue use and consult your physician.

Suitable for vegans & vegetarians. Contains no yeast, dairy, egg, gluten, corn, soy or wheat. Contains no sugar, starch, preservatives, or artificial color, flavor or fragrance.

**Do not use if either tamper-evident seal is broken or missing. Keep out of the reach of children.**

**WARNING:** Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. Keep this product out of reach of children. In case of accidental overdose, call a doctor or poison control center immediately.
