

# Green Superfood!

NutriBiotic® Chlorella is an ancient, single-celled microalgae. Chlorella is one of nature's richest food sources of chlorophyll and provides beta-carotene as well an array of vitamins, minerals, and trace elements. This potent, green superfood is aquacultivated under the strictest, controlled conditions in fresh water without the use of herbicides, pesticides, or toxic chemicals. Chlorella's tough protective cell wall is broken by special, low temperature processing, ensuring over 90% nutrient availability and easy digestibility delivering an impressive nutritional profile of beneficial nutrients.

**Suggested Use:** As a concentrated dietary supplement, take 6 tablets daily with or without meals.

**WARNING: KEEP OUT OF REACH OF CHILDREN.** Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under six. In case of accidental overdose, call a doctor or poison control center immediately. As with any supplement, you should consult your physician before using this product. If you are nursing, pregnant, or considering pregnancy, you should consult your healthcare practitioner prior to using this product.
