Ever feel like you've got too many competing priorities, too many decisions to make and a million things on your mind? When overload hits, **SERENE SCIENCE® GABA** can help soften the blow. As an inhibitory neurotransmitter, GABA helps calm the mind and relax the muscles. One small clinical trial has even shown that GABA may help alleviate the effects of stress induced by mental tasks, and another trial suggests GABA may encourage restful sleep.*

Suggested Use: 1/4 teaspoon daily mixed with water or juice.

NOTE: If you are pregnant, may become pregnant, or breastfeeding, consult your health care professional before using this product.
