Dietary Supplement

BROAD-SPECTRUM DIGESTIVE SUPPORT**

PREBIOTIC

Probulin's® **Total Care Immune Probiotic** features our prebiotic, which acts as food for the probiotic bacteria.

PROBIOTIC

This product contains 12 billion cfu† + 8 billion cfu† from fermented fruits & vegetables, providing broad spectrum support to the digestive microbiome.**

POSTBIOTIC

Postbiotic is a term used to describe the abundant and unique compounds produced by the activity of probiotic bacteria. These unique compounds participate in supporting a healthy digestive microbiome.**

+ 100 mg Eldermune™ (equivalent to 4,225 mg whole elderberry), for added immune support**

****These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.**

DIRECTIONS: Adults take (1) capsule daily with or without food. For best results, take at bedtime. As a reminder, discuss the supplements and medications that you take with your health care providers.

MAKTrek 3-D

All Probulin® products include the **MAKTrek® 3-D** delivery system, to ensure that the beneficial probiotic bacteria have better survival in the body.

Did you know that 70% of your immune system resides in your gut? The fact is, our digestive and immune health are intricately linked.

Probulin's **Total Care Immune Probiotic** combines the digestive and immune support of pre-, post- and probiotics with the immune-supporting power of Elderberry.**

Each capsule contains 100 mg of Eldermune™, the equivalent of eating 4,225 mg of whole elderberries. With 10 unique probiotic strains, including 8 billion cfu† from fermented fruits and vegetables, we created **Total Care Immune** as an important part of your everyday digestive and immune health routine.**
