

SUGGESTED USE:

This product was formulated for infants (6-12 months). Once daily, dispense drops directly into baby's mouth, or add to bottle. Please avoid direct dropper contact to infant's mouth in order to prevent product contamination. Start dosage with one drop daily, slowly increasing the dose over several weeks. Dosage for infants not to exceed 5 drops daily.

Check with your infant's physician, pediatrician or healthcare professional before beginning any new wellness supplement to make certain the supplement is suitable for your infant's health.

Store in a cool, dry place.

To ensure freshness, we recommend refrigeration after opening.
