Source Naturals **GREEN COFFEE EXTRACT** is a source of antioxidants that provide support for oxidative stress caused by free radicals - thought to be a factor in aging. Derived from raw, unroasted coffee beans and low in caffeine, green coffee extract has been shown in research to support healthy cellular regeneration and growth. Chlorogenic and caffeic acids, two primary compounds responsible for the activity of green coffee, are present in Source Naturals GREEN COFFEE EXTRACT.*

Do not use if either tamper-evident seal is broken or missing. Keep out of the reach of children.

Suitable for vegetarians. Contains no yeast, dairy, egg, gluten, soy or wheat. Contains no starch, preservatives, or artificial color, flavor or fragrance.
