

Lion's Mane (*Hericium erinaceus*) is an edible mushroom native to Europe, North America, and Asia. It is found growing on hardwood trees (e.g. American Beech, Maple, and Oak). Lion's Mane's most striking feature is its long shaggy spines found on its globe-shaped body.

Exploding Buds™ full-spectrum organic mushrooms are grown, dried, milled, and packaged in a state-of-the-art, cGMP compliant (registered), indoor mushroom farm located in southern California, USA. Mushrooms contain a wide variety of naturally occurring compounds, which make a great addition to a healthy lifestyle.

This product is not manufactured with milk, eggs, fish, crustacean shellfish, tree nuts, peanuts, wheat, soy, or gluten. Produced in a third-party, audited and registered cGMP compliant facility that may process other products containing these allergens or ingredients.

^ NOTE: 2 grams per teaspoon is an average. Individual scooping technique may yield slightly more or less than 2 grams. **THIS PRODUCT IS SOLD & PACKAGED BY WEIGHT, NOT BY VOLUME. SETTLING OF CONTENTS OCCURS OVER TIME AND CANNOT BE AVOIDED.**
