Freshly Sprouted & Freeze-Dried

Powerful Plant Nutrients

Suggested Use

Our Organic Broccoli Kale Sprout Mix starts with organic, non-GMO broccoli and kale seeds. Two members of the Brassica family, broccoli and kale have potent antioxidants, plant compounds such as sulforaphane, vitamins and minerals.

We carefully sprout the seeds to enhance and unlock their full nutritional potential. At the peak of harvest, we freeze-dry and gently mill the fresh sprouts into a concentrated and functional powder.

These attentive steps ensure maximum preservation of essential nutrients and enzymes while dramatically increasing shelf-life. Now you can conveniently enjoy the powerful benefits of fresh sprouts in a variety of new ways.*

Add two teaspoons of our Organic Broccoli Kale Sprout Mix to boost your salad, soup, smoothie or simply eat it straight.
