All Sulfate | Sodium Free
GLUCOSAMINE 1500
with
CHONDROITIN 1200™

Scientifically Established Joint Support
Clinically Established Levels and Forms

Dietary Supplement | **300** Easy-to-Swallow Capsules

Andrew Lessman's GLUCOSAMINE 1500 with CHONDROITIN 1200 delivers the optimum potencies and ideal forms (All Sulfate and Sodium-Free) of the most essential ingredients for the repair and maintenance of healthy joint tissue. This unique formula begins with clinically-established levels and forms of the most well-researched natural ingredients for joint health: **Glucosamine Sulfate** (1,500 mg) and **Chondroitin Sulfate** (1,200 mg). Glucosamine and Chondroitin have been recognized as the first line of natural defense for joint health. These unique ingredients are not drugs treating joint ailments, but more importantly, represent the vital structure of joint tissue itself. The benefits of Glucosamine and Chondroitin have also been shown to extend beyond our joints and also promote the resiliency of other flexible tissues in the body, such as the skin, arteries, veins and heart valves. Glucosamine Sulfate has long been viewed as the first line of natural defense for our joints, but unlike ordinary products, we do not use unproven and ineffective Glucosamine HCl (Hydrochloride). We only use the form of Glucosamine established as effective in the scientific literature – Glucosamine Sulfate. We also use Sodium-Free Chondroitin Sulfate, which eliminates the unnecessary and undesirable sodium present in ordinary Chondroitin Sulfate. Properly delivered, Glucosamine, Chondroitin and Sulfur from Sulfate represent the vital building blocks or the “bricks and mortar” of our joints. By providing these essential structural molecules in their optimum forms and at their ideal potencies, we deliver maximum benefits to joint structure, health and function. Our joints never cease working on our behalf and our uniquely formulated and ideally balanced **Glucosamine 1500 with Chondroitin 1200** is the perfect response to the consequences of a lifetime of wear and tear.
