MILLION ORAC™ STANDARDIZED EXTRACTS

GREEN & WHITE TEA • EGCG • CURCUMIN
RESVERATROL • APPLE • BLUEBERRY
GRAPE SEED • PINE BARK • OPCs

DIETARY SUPPLEMENT

240 Easy-to-Swallow Capsules

Andrew Lessman's MILLION ORAC derives its name from the **ORAC** test, which can measure the anti-oxidant capacity of foods. The **ORAC** (**O**xygen **R**adical **A**bsorbance **C**apacity) test was developed to objectively assess anti-oxidant power. It has been scientifically established that consuming foods rich in protective compounds significantly increases the body's ability to protect against free radical damage. As a result of their high content of protective compounds, each ingredient in **Million ORAC** possesses an ORAC value in excess of 1,000,000 units per 100 grams. Our **Million ORAC** formula combines the health benefits from standardized extracts of many of the most powerful plant-based anti-oxidants. These ingredients offer the highest concentrations of naturally protective compounds that neutralize a broad range of damaging free radicals. **Million ORAC** provides a wide array of natural anti-oxidants, including the extremely powerful anti-oxidant polyphenols present in Green and White Teas – both standardized for EGCG. We also include the well-established benefits of Resveratrol, Apple Polyphenols, Grape Seed and Blueberry Extracts, along with our Turmeric Phospholipid Complex and Pine Bark Extract. All of these ingredients have been extensively researched and their contents validated before inclusion in this uniquely protective formula. Mother Nature provides us powerfully protective foods and our **Million ORAC** is intended as a comprehensive and exceptionally concentrated source of that protection.
