MANUFACTURED BY 

STANDARDIZED ANTI-OXIDANT SPICES

SPICE of LIFE™

DEODORIZED GARLIC · ACTIVATED CURCUMIN · OREGANO
ROSEMARY · THYME · SAGE · WASABI · MUSTARD SEED

240 Easy-to-Swallow Capsules

Andrew Lessman's SPICE of LIFE is more than a potent, deodorized Garlic product. It is an all-natural blend of extracts and concentrates from powerful, health-promoting spices from around the world. For millennia, it has been the uniquely pungent flavor of these spices that have made them so precious. Today, like so many traditional remedies, it is their scientifically established health benefits that fuel our interest. **Spice of Life** delivers eight well-researched spices providing a comprehensive range of powerful, protective compounds and benefits. **Spice of Life** begins with our mild, but potent, deodorized Garlic concentrate, which delivers an array of Garlic's most protective sulfur-based compounds, including Allicin and Alliin. We also include our standardized Turmeric Extract, which provides our activated Curcumin-Phospholipid Complex. Turmeric is India's most well-known, health-promoting spice, and our unique complex ensures you can enjoy its long list of health benefits. We also look to the Mediterranean Diet and provide the powerful, protective benefits of standardized extracts of Oregano, Rosemary, Sage and Thyme. Finally, **Spice of Life** delivers highly standardized extracts of the spices Wasabi and Mustard Seed, which are technically members of the healthy cruciferous vegetable family. **Spice of Life** is more than a collection of spices. It is an extraordinary array of exceptional standardized extracts, specifically selected to deliver precise levels of the targeted beneficial compounds we seek in each ingredient. Experts view spices as "pound for pound" some of the most concentrated, naturally-occurring sources of anti-oxidants and protective compounds. **Spice of Life** allows you to once again rediscover the health benefits and powerful protection of ingredients that, for centuries, were treasured and revered.
