COMPLETE with Maximum Essential OMEGA-3 is the foundational member of **Andrew Lessman's** family of multi-vitamin-mineral formulas with, as its name describes, the added benefits of our unique Omega-3 Oils. **COMPLETE** is 100% pure and contains only the nutrients you desire with *no binders, fillers or additives of any kind*. **COMPLETE with Maximum Essential OMEGA-3** comes in easy-to-swallow capsules that are guaranteed gentle even to sensitive stomachs and free of any fishy aftertaste. It provides all the benefits you seek from a multi-vitamin without any of the problems normally associated with their use.

COMPLETE with Maximum Essential OMEGA-3 delivers more than 30 nutrients, including high potencies of all essential vitamins, minerals, carotenoids and Omega-3 Oils. **COMPLETE** is the purest and mildest ultra-high-potency multi-vitamin formula possible. It provides 50 mcg (2,000 IU) of Vitamin D3, along with high levels of all the B-Complex vitamins, including 500 mcg of Methylcobalamin and 250 mcg of our unique absorption-protected Methylcobalamin (Natural Coenzyme Vitamin B12), plus 1,000 mg of non-acidic Vitamin C, along with the powerful protection of key carotenoids, including Lutein (2,500 mcg), Lycopene (2,500 mcg) and our unique Zeaxanthin Complex (1,000 mcg). Additionally, **COMPLETE** provides 268 mg (400 IU) of natural Vitamin E.

Maximum Essential OMEGA-3 is our unique blend of Omega-3 fats from fish and Ahiflower® Oil with NO fishy aftertaste, NO stomach upset, NO heavy metals and NO contaminants. Omega-3 fats are a common sense addition to any multi-vitamin, since like vitamins, they cannot be made by the body, so their benefits are only available from cold-water fish or a formula like **Maximum Essential OMEGA-3**. Sadly, because of the absence of cold-water fish from our diet, Americans typically lack the Omega-3s necessary to support heart, brain, eye and circulatory health. This formula provides our highest levels of DHA, EPA and DPA, along with SDA from Ahiflower® Oil. The heart and circulatory benefits of Omega-3s have been long established, but DHA's critical role in brain and eye structure and function have made it the most important of the Omega-3s. Fish oil is recognized for its extensive health benefits, but it is equally well-known for its nasty aftertaste and its potential for contaminants and stomach upset. Our **Maximum Essential OMEGA-3** provides all the benefits you seek from fish oil with NO mercury, NO contaminants and absolutely NO stomach upset or fishy aftertaste.

COMPLETE with Maximum Essential OMEGA-3 delivers the nutrients you seek without employing impossible to swallow and difficult to digest tablets. Instead, we use only easy-to-swallow capsules to ensure the greatest ease of use with no risk of stomach upset. Also, unlike typical multi-vitamins that ignore the current science, **COMPLETE with Maximum Essential OMEGA-3** provides a comprehensive list of vitamins, minerals, carotenoids and Omega-3 Oils at levels that respect both you and the scientific literature.
