†Daily Value not established.

Other ingredients: microcrystalline cellulose, stearic acid, and modified cellulose gum.

Source Naturals **CARBOHYDRATE BLOCKER** contains Phase 2® white kidney bean extract. Phase 2® works by slowing down the digestion of starch by inhibiting *alpha*-amylase, an enzyme that breaks down starch to be more fully absorbed by the body. CARBOHYDRATE BLOCKER may help support weight loss when used in conjunction with a healthy diet and exercise plan.*

STORE IN A COOL, DRY PLACE.

Suggested Use: 2 tablets with a glass of water (8 ounces), 5 to 10 minutes before a meal containing starch. If CARBOHYDRATE BLOCKER is taken too early, it can pass through the body before interacting with food. Do not exceed 6 tablets per day.

CAUTION: May cause more frequent bowel movements, and stomach upset. If you have diabetes, consult your physician before using this product. Do not use if you are pregnant, may become pregnant, or breastfeeding.

Do not use if either tamper-evident seal is broken or missing. Keep out of the reach of children.
