DIETARY SUPPLEMENT

COENZYMATED™ B-6

P-5'-P (PYRIDOXAL-5'-PHOSPHATE)

PROMOTES A HEALTHY NERVOUS SYSTEM*

100 MG • 60 TABLETS

Supplement Facts

Serving Size 1 Tablet

	Amount Per Serving	%DV
Vitamin B-6 (from 100 mg pyridoxal-5'-phosphate [Coenzymated™])	60 mg	3,529%

Other ingredients: microcrystalline cellulose, stearic acid, and silica.

In order for vitamins to be utilized by the body, they must first be converted into their active coenzyme forms. This more potent Coenzymated™ B-6 is in its active form and ready to go to work immediately. Pyridoxal-5'-Phosphate (PLP or P-5'-P) is the main metabolically active coenzyme form of vitamin B-6. It is primarily in the liver that P-5'-P is synthesized from pyridoxine, with the help of enzymes that require B-2, zinc and magnesium for their activity. P-5'-P activates over 100 enzymes, many of which are involved in the conversion of amino acids into the neurotransmitters dopamine, norepinephrine and serotonin. P-5'-P is also required for the synthesis of the hemoglobin molecule and plays an important role in regulating homocysteine levels.*

Suggested Use: 1 tablet daily.

NOTE: If you are pregnant, may become pregnant, or breastfeeding, consult your health care professional before using this product.

Do not use if either tamper-evident seal is broken or missing. Keep out of the reach of children.

Suitable for vegetarians. Contains no yeast, dairy, egg, gluten, corn, soy or wheat. Contains no sugar, starch, salt, preservatives, or artificial color, flavor or fragrance.
