Dietary Supplement

NADH

FOR ENERGY & MENTAL ALERTNESS*

20 MG • 30 LOZENGES

Supplement Facts

Serving Size 1 Lozenge

Amount Per Serving

ENADA® NADH	20 mg†
(Reduced β -Nicotinamide Adenine Dinucleotide-Coenzyme Vitamin B-3)	

†Daily Value not established.

Other ingredients: mannitol, sodium bicarbonate, microcrystalline cellulose, Kollidon®, natural peppermint flavoring, and magnesium stearate.

NADH, a natural coenzyme derived from vitamin B-3 (niacin), is essential for basic metabolism, respiration, the breakdown of sugars and fats, and the production of ATP, the primary energy molecule in our cells. NADH is a crucial component of the ATP energy production cycle, which supplies energy to the brain, nerves, muscles, heart and all other organs in order to function. NADH lozenge is great for traveling, jet lag, studying, workouts, athletic performance or whenever a natural boost of energy is needed.*

Suggested Use: 1 lozenge daily. For best results, allow to dissolve in the mouth before swallowing.

NOTE: If you are pregnant, may become pregnant, or breastfeeding, consult your health care professional before using this product.

Do not use if either tamper-evident seal is broken or missing. Keep out of the reach of children.

Suitable for vegetarians and HYPOALLERGENIC: contains no yeast, dairy, egg, gluten, corn, soy or wheat. Contains no sugar, starch, preservatives, or artificial color, flavor or fragrance.

STORE IN A COOL, DRY PLACE.
