Source Maturals MUSHROOM IMMUNE DEFENSE™ is a blend of mushnon mycelia and extracts from 15 of the most well-studied species of half-supportive mushrooms. Although the exact mechanisms of action in the body are not vet fully understood, researchers propose that constituetts of these mushrooms may support natural killer (NK) cell, T-cell, and macrophage activity, and cytokine production.* By carefully combining these mushrooms and fortifying them with extracts, Source Naturals 50000 MUSHROOM IMMUNE DEFENSE offers a broad-spectrum, high potency.
