Supplement Facts

Serving Size 1 Tablet

	Amount Per Serving
Policosanol (from sugar cane)	20 mg†

†Daily Value not established.

Other ingredients: microcrystalline cellulose, stearic acid, and silica.

Source Naturals **POLICOSANOL**, part of the *Cholesterol Rescue™* family of products, is a blend of compounds isolated from natural plant waxes. Policosanol contains several long chain fatty alcohols, including octacosanol, hexacosanol and triacontanol. Animal and *in vitro* research has shown that these compounds may support the cardiovascular system and inhibit lipid peroxidation as well as support macrophage activity.*

STORE IN A COOL, DRY PLACE.

Do not use if either tamper-evident seal is broken or missing.
Keep out of the reach of children.

CAUTION: If taking anti-platelet medication, such as daily aspirin, consult your health care professional before using this product. Do not use if you are pregnant, may become pregnant, or breastfeeding.

Suggested Use: 1 tablet daily in the evening. Source Naturals recommends that a minimum of 30 mg of CoQ10 be taken per tablet of policosanol. Some research suggests that CoQ10 levels in the body may be lowered by compounds that work on the same metabolic pathway as policosanol.*
