

IMMUNE FACTORS*

High Yield Immunoglobulins from Symbiotics®

Symbiotics Colostrum High Ig guarantees a minimum 40% level of immunoglobulins for people who want extra support from this essential Colostrum component. The Immunoglobulin content found in this product significantly surpasses the levels of in normal human Colostrum! ColostrumHigh Ig is for those with GI tract stress and for athletes or others whose bodies are under sustained physical stress.

Symbiotics Colostrum High-Ig includes the full range of immune factors including IgA, IgD, IgE, and IgM, as well as IgG, for dual action in the bloodstream and also in the GI tract. It helps maintain healthy intestinal flora.* Its growth factors may enhance stamina and support normal re-growth of tissue and lean muscle after strenuous physical exercise.*

Quality and Purity Assured. Our colostrum is sourced exclusively from the first milking of cows not treated with rBST† at USDA Grade A Dairies. All colostrum is laboratory tested and verified free from pesticides and antibiotics. Each bottle is double sealed for quality and safety. If either seal is broken or missing, do not use and call 1-800-421-1830. Close tightly and store in cool, dry place (below 75°F), away from heat.

Warning: If you have a physician-diagnosed health condition, consult your doctor before taking this product. Discontinue use if you experience adverse reactions and consult your doctor.

*The FDA has determined that there is no significant difference between cows treated with rBST and those not treated.

THESE STATEMENTS HAVE NOT BEEN EVALUATED BY THE FOOD AND DRUG ADMINISTRATION. THIS PRODUCT IS NOT INTENDED TO DIAGNOSE, TREAT, CURE OR PREVENT ANY DISEASE.
