

Neurosol® is a unique combination of nutrients that support healthy nerve tissue integrity, nutritive blood flow, and nerve conduction. This formula features the conditionally essential fatty acid GLA, a necessary precursor to prostanoids that promote nerve blood flow and build neuronal membranes. Vitamin C not only synergistically enhances the benefits of GLA, but also protects delicate nerve tissue from oxidation. Select B vitamins, including methylcobalamin—an active coenzyme form of vitamin B₁₂ used by the body—support healthy methylation and homocysteine metabolism for healthy peripheral nervous system function. Beta-carotene and vitamin C help maintain stability and potency of ingredients.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

DIRECTIONS: Take one softgel three times daily with meals or as directed by your healthcare practitioner.

CAUTION: Keep out of the reach of children.

STORAGE: Keep tightly closed in a cool, dry place.

Formulated to Exclude: Wheat, gluten, dairy products, nuts, tree nuts, fish, crustacean shellfish, artificial sweeteners, and preservatives. See Allergen Statement. ♦
