CVS Health

Why take probiotics?

The human digestive tract is colonized by trillions of health-promoting "friendly probiotic bacteria" that ensure maintaining natural flora balance between all bacteria species living inside the intestinal tract. Maintaining a balanced flora is important not only for overall digestive health but also for supporting natural regularity.*

About this product

CVS Health™ Digestive Probiotic is a natural source of probiotic "friendly bacteria."™ It contains *Bifidobacterium infantis* N1313 and a blend of additional *Lactobacillus* and *Bifidobacteria* probiotic strains which help maintain healthy intestinal flora balance.* It also contains inulin fibers, a prebiotic supporting friendly bacteria growth.*

Directions:

As a dietary supplement for intestinal microflora balance™. Children 12 years old and over and adults: Take one (1) capsule daily at mealtime. Capsule may be opened and sprinkled on cold food or cold drink.

KEEP OUT OF REACH OF CHILDREN.

STORE at 73°F or cooler. Do not expose to excessive heat or moisture. Do not use if seal is broken. No refrigeration needed.
