

GELATIN POWDER

Amandean beef gelatin is selectively-sourced from grass-fed, pasture-raised South American cattle in Brazil, Paraguay, & Uruguay. Our premium ingredients are lab-tested at a cGMP certified facility to ensure the highest quality and purest final product.

Gelatin has similar health benefits as collagen peptides, but will gel & thicken when mixed with cold liquids. It's an ideal way to make healthier gummies, fruit gelatin, soups, sauces, jams, and high-protein snacks for the whole family.
