MARINE COLLAGEN

Collagen is a unique bioactive protein that is used for healthy aging, joint and bone health, beautiful skin, and sports nutrition. Amandean hydrolyzed cod fish collagen contains both types 1 & 3 collagen, which accounts for 90% of the collagen in our bodies. Collagen production slows as we age and supplementation can help to counteract many unwanted effects of aging.*

For the office, the gym and on the go for easy travel.

Wild-Caught Fish MARINE COLLAGEN

Dietary Supplement

UNFLAVORED

EASY TO MIX

NON-GMO PREMIUM INGREDIENTS

30
Anti-Aging Protein Powder Packets

30 - 0.39oz (11g) Packets
(Net wt. 11.7oz (330g))
