

Supplement Facts

Serving Size: One Cup

Servings Per Container: 93

Amount per Serving	% Daily Value †
--------------------	-----------------

Uncaria tomentosa 1.5 gm (inner bark)	▲
--	---

† Percent Daily Values are based on a 2,000 calorie diet.

▲ Daily value not established.

Ingredients: Uncaria tomentosa inner bark.

Scientific evidence: Numerous published studies suggest that Uncaria tomentosa promotes killer T-cell production, supports repair of DNA in cells & inhibits C-reactive protein.*

These impressive research results were obtained from Cat's Claw as it comes from nature, containing all of its alkaloids, both POA & TOA.

ROYAL CAT'S CLAW™

TRADITIONAL ADAPTOGENIC HERB FROM THE AMAZON

Supports Your Body's Natural Defenses Against Disease*

Dietary Supplement • Net Wt. 140g (4.9 oz.)

DIRECTIONS FOR USE:

Drink one-half cup of tea at least 15 minutes before eating or two hours after eating 2-4 times daily or as directed by your health care practitioner. Do not take at bedtime if it interferes with your sleep. As with most herbs, it is advised to cycle on and off rather than to take it continuously. For Example: 3 months on and one month off or 4 days on and 3 days off (weekly).

Warning: Keep out of the reach of children. Not for use by women who are pregnant or nursing.

TO PREPARE: Put 5 teap. of Tea into 5 cups of boiling water. Reduce heat and simmer (barely boil) the tea in a pot without a lid for 30 minutes. Strain. Makes 4 cups of tea. It tastes best if taken hot or very cold. Ice cubes and Stevia may be added. Tea may be stored in refrigerator in glass (or plastic) jar with lid for up to one week.

For those with sensitive stomachs: add ½ tsp. of lemon juice to each cup of water used in preparing tea. This will bind up most tannic acid and make tea less astringent.

This product is wildcrafted & sustainably harvested. No pesticides have been used or irradiation applied in importation. Part of the profits of WWB are used to reclaim rainforest land and to assist native people in growing medicinal plants as a source of livelihood.
