

Smarter is Better

Smarter is Healthier

Smarter Omega 3 is a blend of key support fats and food-based extracts made famous by the Mediterranean Diet. Wild-caught pollock and/or pacific whiting, grape seed, olives and sesame seed all work together synergistically to support lower LDL levels and to promote a healthy cardiovascular system.*

Smarter is Fresh

Our fish oil is caught, extracted and preserved all on the same day. Unbeatable freshness combined with a Smarter Nutrition "clean-veggie" softgel ensures that Smarter Omega 3 is as fresh and effective as possible*
