

Serving Instructions: Add 1 scoop to water, juice or a smoothie.

Supports Vitality, Optimal Nourishment & Detoxification*

Barley Grass Juice Powder contains a broad range of vitamins, electrolytes, and essential minerals which quickly converts to long-lasting energy keeping you a step ahead of the day's challenges, while a blast of phytonutrients and enzymes rejuvenate cells and bodily systems. Barley Grass has a variety of health benefits which:

- Supports Detoxification*
- Supports Immune Function*
- Supports Cellular Health*
- Restores Acid/Alkaline Balance*
- Supports Cardiovascular Health*
- Improves Energy Levels & Metabolism*

Raw Freeze Dried Juice Powder – 20:1 Juice Extract

We are proud to provide you pure, raw, and the most biologically active Barley Grass Juice Powder. It is a 20:1 concentrate – making it 20x more concentrated than whole grass powder. The Barley Grass is cultivated in its natural environment of the high-desert climate of Utah and grown in ancient mineral-rich soil. It's then juiced minutes away and slow freeze-dried to maintain full nutrient and enzyme activity. The raw juice powder is never processed above 41 degrees celsius. This superior process provides juice powder that is nearly identical to freshly squeezed juice when added to water. The raw process used maintains full nutrient levels and biological enzyme activity. When water is added, the raw living nutrients fully come to life for optimal nourishment.*
