Royal Jelly is the food of queenbee (bee milk) that has been reported to serve as an immune booster, energy enhancer, for cardiovascular health, collagen production and much more.*
Bee Pollen is "Nature's Most Balanced Food". It is rich in vitamins, minerals, proteins, fatty acids, enzymes, carotenoids, bioflavonoids and more.*
Propolis is a resin-like bee product from the hive which has a high antioxidant capacity due to its rich content of natural flavonoids and phenolic compounds.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.
