

Argentyn 23 Professional Bio-Active Silver Hydrosol delivers advantages no other manufacturer can match:

ACTIVELY CHARGED: >98% positively charged silver ions and nanoclusters.

EASILY ABSORBED: Unprecedented particle size as small as 0.8 nanometers allows for easy absorption and excretion.

LESS IS MORE: Ultra-small particle size results in greater surface area, making our low concentration of 23 ppm more effective than brands up to 1,000 ppm.

PERFECTLY SAFE*: Safe for the whole family.

†According to the EPA (CASRN 7440-22-4) daily Oral Silver Reference Dose (RfD) applied to 23 ppm, one may ingest 76,650 servings safely over 70 years.

99.999% PURE: No added salts or proteins. Just pure silver in pure water.

Vegan. Allergen-, gluten- and GMO-free.

FOR BEST SHELF-LIFE, AVOID STRONG SOURCES OF ELECTROMAGNETIC ENERGY AND DIRECT SUNLIGHT.
