HA CHEWABLE GUMMIES

Easy. Effective. Great Tasting.

The HA Gummy makes getting the benefits of Hyaluronic Acid (HA) simple, delicious and, well...fun! After all, a nutritional supplement cannot help you unless you take it. Naturally flavored and lightly sweetened, each HA Gummy delivers 60 mg of high molecular weight HA. Best of all, it tastes so good, taking it feels like a treat!

Why supplement with HA?

Hyalogic's Beauty From Within HA Gummy contains 60 mg of HA and is designed to work from the inside out, replenishing and hydrating the skin. Hyaluronic Acid is a remarkable, water-loving molecule naturally found throughout the body. This great tasting gummy is an essential part of your beauty routine, providing a natural glow starting from within. The unique formula helps promote vibrant hair, healthy nails and glowing skin. As we age, the HA content in our bodies naturally decreases and the collagen loses elasticity, causing wrinkles and sagging skin.
