Movement is
essential
for our well-being.

With clinically tested ingredients, **Move Free®** offers a range of options to help you move better. Because when you **Move Freely**, you live freely.

Glucosamine

Glucosamine is key for the formation of cartilage, an essential building block of your joints. Glucosamine also supports the **strength, mobility and flexibility** you want in everyday life.*

Uniflex® (FruiteX-B®
Calcium Fructoborate)

Uniflex is a clinically tested mineral complex that supports joint **comfort** in as little as 2 weeks. It also contains boron, which helps support **bone** health.*

Methylsulfonylmethane (MSM)

MSM is a source of sulfur found in the body that is important in the formation of collagen in joints. Collagen is a vital part of your joints because it supports the structure of cartilage.*

Vitamin D3

Vitamin D3 helps maintain healthy levels of Calcium and Magnesium, important minerals that support strong **bones**.*

More than just
standard
glucosamine

Move Free® Advanced is more than just glucosamine. Move Free Advanced supports 5 signs of joint health: mobility, comfort, strength, flexibility and bone so you can do the things that you love.*

Our unique formulation with Glucosamine and FruiteX-B®, offers everyday joint support to keep you moving. Our powerful ingredients are packed into two coated tablets per day, making it easy to get the joint support you want.
