How beano® works: beano® contains an enzyme that helps digest the complex carbohydrates found in many foods, so they don't cause gas, bloating and discomfort*.

Directions: Swallow or chew 2 tablets, right before your first bite, or immediately after meals (up to 30 minutes after first bite).

beano® helps digest many foods including:

Beans	Cabbage
Broccoli	Carrots
Beets	Cauliflower
Brussels Sprouts	Corn
Leeks	Lettuce
Onions	Cucumber

And more! For a complete listing of foods visit
