

Chromium is one of the best supporters for regulating blood sugar levels and maintaining a healthy heart. Due to a lack of minerals in our soil and water, the average American is chromium deficient.

Good State's Ionic Minerals are known for their high bioavailability, while other supplements can be extremely low.

Note: Chromium benefits and/or deficiency symptoms are generic for the mineral. No product claims are being made or implied. Research is ongoing.*

Contains **NO** sugars, soy, GMO, dairy, gluten, starch, artificial flavors, colors, or animal by-products, and is hypoallergenic. Suitable for vegans.

Good State is proud to follow Good Manufacturing Practices (GMP)

100% SATISFACTION GUARANTEED
