

Good State's Ionic Selenium is a powerful antioxidant that can help support the body from the inside out. Selenium works with Vitamin E in metabolic functions, supports healthy fertility, encourages tissue elasticity and is a potent antioxidant, which gives your body support when toxic metals appear.

Good State's Ionic Minerals are known for their high bioavailability, while other supplements can be extremely low.

Note: Selenium benefits and/or deficiency symptoms are generic for the mineral. No product claims are being made or implied. Research is ongoing.*

Contains NO sugars, soy, GMO, dairy, gluten, starch, artificial flavors, colors, or animal by-products and is hypoallergenic. Suitable for vegans.

Good State is proud to follow
Good Manufacturing Practices (GMP)
