From the leader in Vitamin B-complexes, comes Country Life's most advanced, powerful and revolutionary B-Complex that is "coenzymated" in a form that the body can use.

CAUTION: Not for use by women intending to become pregnant, pregnant, or lactating. If you have a medical condition (including diabetes or hypoglycemia), taking medication or planning surgery, consult a doctor before using this product. Stop using and consult a doctor if any adverse reactions occur.

Quatrefolic® is a registered trademark of Gnosis S.p.A., U.S. Patent No. 7,947,662. LifePQQ™ is a trademark of Nutraland USA, Inc. This product has been manufactured at a GMP Registered facility.

** These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

This formula includes the next generation of essential B-Vitamins and supports increased energy production, nervous system support, and sugar metabolism.**

Country Life is unique to include NADH, which is its own true coenzyme.

Proposed as the next essential B-Vitamin, PQQ has been shown to help increase mitochondria and energy production**

Benfotiamine is known as the next level Vitamin B-1 that quickly converts in the body due to its fat solubility.**

Our Methylfolate is a patented form called Quatrefolic®, a new and improved fourth generation of folate that is seen in many of our Coenzyme B-complex formulas.
