

SUGGESTED USE: As a dietary supplement, take two capsules, once or twice daily, preferably 30 minutes before a meal. For those who are more sensitive, take two capsules once daily.

CAUTION: Do not exceed the recommended dose. This product is not intended for those with type 1 diabetes, pregnant or nursing mothers, or children under the age of 18. Individuals with a known health condition should consult a physician before using this product, or any other supplement. In general, this product may not be for those who are prone to bleeding, dizziness, constipation, or have hemorrhoids, mood swing or disorder, or a sensitive physique. Take different supplements separately. Keep out of reach of children.
