**40 SERVINGS**  
**Two Anabolic Patents**  
**Eight Hour Time**  
**Released Compound**

780 grams

**BioRhythm**  
ADVANCED DIETARY SUPPLEMENTS

**Directions: Training Day:** Mix 1 – 2 scoops with 8 – 12oz of water approximately 30 minutes prior to training. Drink at a slow pace whereas the serving is completely consumed just before warm-up begins. For best results, do not take within 30 minutes of eating a meal or protein intake.

**Non-Training Day:** Take 1 scoop with 4- 6oz of water in the morning or mid afternoon. For best results, do not take within 30 minutes of eating a meal or protein intake. \*Do not drink within four hours when sleep is desired

*Arnge Krush™ renews the standard for pre-workout formulas. An innovative dual patent formula delivers the first eight hour time released nitric oxide pump with an ATP surge equivalent to over 10 grams of creatine monohydrate. Massive muscle pumps combined with enduring strength and time released molecular technology makes Arnge Krush the intelligent choice for performance enhancement\*.*

*Alkalyzed Nitro Krush™ features a molecular bonded sustained released (and patented) L-Arginine for eight hour engorging pumps. Also included is the fantastically successful (and patented) Kre-Alkalyn™. Laboratory tested to be 10 times more powerful than creatine, the Kre-Alkalyn in Arnge Krush offers all the benefits of 10 grams of creatine per scoop without the unwanted side effects\*.*

*Focal Krush™ joins the mind and body to an invigorating level of concentration and intensity. Distractions will soon fade to black as focus and motivation escalate to a favored pitch of eagerness\*.*

*Enduro Krush™ also fuels the body with time released technology. Experience how sustained absorption of pure energy can elevate performance capabilities to new heights\*.*

*Alpha Krush™ is a one of a kind nutrient transport and volumizing complex. The poly-lipid coated compound increases the volume and speed of nutrient uptake producing a synergistic powerhouse of strength and endurance\*.*

**WARNING:** : Individuals sensitive to stimulants should begin use with half the recommended dosage (1-2 scoops) to help access your tolerance. Never exceed recommended daily intake. Do not use for more than 6 months. Consult a physician or licensed qualified health care professional before using this product if you have or have a family history of (but not limited to): heart disease, thyroid disease, diabetes, high blood pressure, hypertension, hypotension, recurrent headaches, depression or other psychiatric condition, glaucoma, difficulty in urinating, prostate enlargement, or seizure disorder, if you are using a monoamine oxidase inhibitor (MAOI) or any other prescription drug or over-the counter drug containing ephedrine, pseudoephedrine or phenylpropanolamine (found in certain allergy, cough/cold, and weight control products). Do not use if pregnant or nursing or are contemplating pregnancy. Reduce or discontinue use if excessive sleeplessness, tremors, dizziness, headaches or heart palpitations occur. For use by healthy adults only. Not intended for use by persons under the age of 18. Keep out of the reach of children.
