EXOGENOUS KETONES — THE BHB BOOST

Max Strength Keto Combo pumps ketones into your circulation within 15 minutes. These powerful BHB particles boost your blood ketones for up to 3 hours.†

MCT C8 & C10 — STRENGTHEN YOUR POWER

These special C8 & C10 fats slide through your small intestine wall. C8 & C10 need NO bile acid NOR any pancreatic enzymes for absorption. C8 & C10 diffuse straight into the liver. Within 30 minutes, your liver's mitochondria produce abundant, natural ketones. Your liver will churn out ketones for up to 5 hours.†

BHB BOOST + MCT POWER = DYNAMIC METABOLISM

Combine BHB with MCT C8:C10 for quick and steady power. BHB delivers ready-made ketones that circulate effortlessly. C8:C10 feed the perfect fats to your liver for hours of freshly made ketones. Increase the ketones pumping throughout your veins. Higher blood ketones switch cells from burning glucose to burning ketones as their fuel. Convert more cells into burning ketones to advance and strengthen your metabolism.†

HIGHER BLOOD KETONES = STRONGER MENTAL & PHYSICAL ENERGY†

Supplement Facts

Serving Size: 1 Scoop (11.12 grams)
Servings Per Container: 21

Amount Per Serving		% Daily Value*
