SUGGESTED USE

Adults: Take ten drops daily or as needed. Shake well before using. As with any supplement, consult your physician before use if you are pregnant, nursing, have or suspect a medical condition, or are taking any medications. Store in a cool, dry place. KEEP OUT OF REACH OF CHILDREN.

LIVE HEALTHIER & HAPPIER NATURALLY

Since 2014 NuLeaf Naturals has been committed to creating the world's highest quality CBD products in their most pure and potent form. Our full spectrum CBD oil contains no additives and the only ingredient is organic hemp. Our mission is to create premium cannabinoid wellness products we would not only take ourselves but also share with our family and friends.

SUPERCHARGE YOUR ECS

Cannabinoid receptors located throughout the body are part of the endocannabinoid system (ECS), which is involved in a variety of physiological processes. When absorbed by the body, CBD increases the ECS's ability to promote balance and optimal health. CBD is non-toxic and non-intoxicating.

▼ Additional Information ▼

FULL SPECTRUM

Our proprietary genetics allow us to naturally create a whole plant CBD extract that is highly concentrated in CBD and contains significant amounts of secondary cannabinoids like CBC, CBG, CBN, and more. Cannabinoids work synergistically with each other and are more effective when they are found together versus when they are isolated. This is known as the entourage effect.

ORGANIC & NATURAL

100% organic Colorado hemp grown with fresh Rocky Mountain water and harvested at peak perfection.

CO₂ EXTRACTED

We use advanced subcritical and supercritical CO₂ extraction to obtain a complete range of cannabinoids, terpenes, essential oils, and other beneficial phytonutrients. This yields a more potent blend that requires no harsh chemical solvents.

LAB VERIFIED

To ensure a safe, consistent, and effective product, we use independent labs to confirm our CBD products are free from pesticides, herbicides, mold, fungi, heavy metals, and mycotoxins. Our testing also guarantees our products contain the optimal amount of cannabinoids and terpenes.
