

Ultra Flora Plus® DF provides 15 billion live organisms per serving guaranteed through the date of expiration. This probiotic supplement features highly viable, pure strains of *L. acidophilus* (NCFM® strain) and *B. lactis* (formerly known as *B. infantis*™)—“friendly” bacteria that support a healthy intestinal environment. In addition, Ultra Flora Plus DF supplies the valuable Probio-Saccharide® Factor (fructooligosaccharides) which helps promote the growth of beneficial bacteria. Ultra Flora Plus DF is produced in a freeze-dried form for maximum stability and potency.

These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

DIRECTIONS: Mix about 1/4 teaspoon (.75 g) with four to six ounces unchilled water one to two times daily between meals, or as directed by your healthcare practitioner.

CAUTION: This product may not be suitable for individuals with severe milk or soy allergies.

Formulated to Exclude: Nuts, tree nuts, fish, crustacean shellfish, colors, artificial sweeteners, artificial flavors, and preservatives.

NOTICE: For maximum stability and viability, keep refrigerated. However, product may be stored at room temperature (65-75°F) for up to one month without adversely affecting potency. This makes Ultra Flora Plus DF an excellent choice for travelers.

Product is filled by weight, not by volume. Contents will settle during shipping.
