Strength

30% Increase in Muscle Strength*
The unique protein blend includes an anabolic module of 20 grams of whey protein and 6.2 grams of leucine that was clinically tested in an 8-week study of athletes performing an intense resistance exercise training regimen. The athletes using this proprietary module of whey protein and leucine demonstrated an increased improvement in muscle strength and muscle size as compared to those performing the same exercise training regimen who did not consume the proprietary module. In a clinical study of participants using a unilateral lower limb resistance training protocol, even the untrained limb demonstrated increases in muscle size.*

STACK WITH: PRO PERFORMANCE® AMP
Amplified Strength, Amplified Push and Amplified Recover PM.

* In an eight-week randomized double-blind, placebo-controlled study of 30 healthy male volunteers comparing 1 set resistance training + active or carbohydrate placebo to 2 sets resistance training alone with no supplement, the active group showed equal gains in maximal muscle strength and muscle endurance compared to the control group.

* When used in conjunction with an exercise program. As with any food product, use of this product alone will not lead to increased muscle mass or strength.

† Per 3 scoop serving.

* Inclusion of these enzymes resulted in a 12% greater protein breakdown as measured by the release profile of the amino acid tyrosine. These results represent the enzyme activity potential under simulated conditions. Effects in the human body have not been studied.

AMPLIFIED WHEYBOLIC EXTREME 60™ POWER

7 PRODUCTS IN ONE

CLINICALLY RESEARCHED

- Clinically Proven Ingredients Deliver More Size & Anabolic Power + 30% Increase in Muscle Strength^{†*}
- 60g Whey Protein Isolate & Hydrolysate Formula + 18g BCAA for Improved Muscle Recovery & Growth^{†*}
- Features 600mg Testofen® Fenugreek to Support Testosterone Levels + 3g Creatine Blend to Boost Anabolic Factors in the Body^{†*}

FRENCH VANILLA

NATURAL + ARTIFICIAL FLAVORS

DIETARY SUPPLEMENT
Net Wt 45.42 oz (2.83 lb) 1290 g

CODE 386344

LNS

DIRECTIONS: Once per day as a dietary supplement, consume 1-3 scoops of GNC Pro Performance® AMP Amplified WheyBolic Extreme 60™ Power in 6, 8 or 12 fl oz of cold water respectively, 30 minutes after your workout. On non-training days, consume one serving first thing in the morning. For extreme results, take the full 3 scoop serving twice per day, pre- and post-workout.

Daily Dose*	Protein	Power Complex	Benefit
1 scoop 30 minutes post-workout or in the morning	28 g	7.19 g	Helps meet protein needs & fuels metabolism*
2 scoops 30 minutes post-workout or in the morning	48 g	14.38 g	Fuels muscles, metabolism, supports recovery & muscle protein synthesis*
3 scoops 30 minutes post-workout or in the morning	68 g	21.5 g	Increase muscle size, anabolic factors, and power & strength by 30%*

What is Amplified WheyBolic Extreme 60™ Power?
GNC's most advanced protein, Amplified WheyBolic Extreme 60™ has evolved even further to help meet your specific training goals and develop more strength and power. This product is the only whey protein isolate to combine the whey and leucine clinically shown to fuel increased strength and size with additional ingredients proven to amplify power and anabolism. This formula features a protein blend that has been validated in clinical studies to give you a 30% increase in strength*, increased muscle size and a 100% improvement in exercise efficiency*. Our GNC scientists have AMPLIFIED the protein with a Power Complex featuring an mTOR-stimulating BCAA blend for protein synthesis and added creatine to increase anabolic muscle growth*, making this product a combination of 7 products in 1!

Amplified WheyBolic Extreme 60™ Power – Break Plateaus, Build Power
This breakthrough formula takes protein functionality and performance to new levels so you can break through plateaus and achieve a new level of muscular power.*
Power Complex
In addition to 10 grams of leucine! this formula is stacked with 4 grams of both isoleucine and valine! to stimulate mTOR activation and give you a powerful boost of all three BCAA to fuel your workouts and enhance your recovery. This product has upped the ante and added a 3 gram creatine blend! to boost anabolic factors in the body, increase athletic performance and fuel strength + 600mg of Testofen® Fenugreek! to help support testosterone levels in the body.*

Highly Effective Whey-Leucine Base
The impressive 60 grams of protein! is made entirely from two of the highest quality, fast-absorbing forms of whey protein, isolates and hydrolysates, including 10 grams of leucine! to create an ideal environment for muscle protein synthesis. This potent blend delivers Arginine, which is involved in creatine synthesis, and over 10 grams of glutamine! to provide anabolic effects. In fact, the whey and leucine blend in this product has been shown to increase muscle strength and stamina with half the sets.*

Powerful Amino Acid System
This product is loaded with arginine and glutamine, two key amino acids necessary for muscle, building and recovery.* Over 10 grams of glutamine! helps to combat catabolism and support muscle function, while arginine helps to support blood vessel tone and blood flow, and is involved in the production of creatine.*

Amplified WheyBolic Extreme 60™ Power Features 7 Products in 1!
1. Whey Protein Isolate
2. Amino Acid Complex
3. BCAA Complex
4. Leucine
5. Creatine
6. Fenugreek
7. Digestive Enzymes

Digestive Enzyme Blend for 12% Greater Protein Breakdown
This digestive enzyme blend with proven bioactivity is designed to accelerate the availability and absorption of amino acids in muscles.* This proprietary enzyme blend provides a 12% greater protein breakdown for improved uptake.*

Nitro-Factor™ – Maximizing Muscle Building!
The full muscle building potential of a GNC product is based on its total nitrogen content – so the more nitrogen a product has, the stronger it will perform. Nitrogen needs increase during training, and if nitrogen levels are low, your body pulls from muscle stores which can result in catabolism, poor performance and longer recovery. Pro Performance® AMP Amplified WheyBolic Extreme 60™ Power with a Nitro-Factor™ of 71 grams* helps fuel performance and anabolism.*

Who can benefit from taking Amplified WheyBolic Extreme 60™ Power?
Whether you're a serious athlete, weekend warrior or training for a competition, you can benefit from this powerful formula. Now you can customize your dosing to meet your specific training goals and nutrient needs. Boost power and anabolism while improving muscle strength, stamina, size and recovery!*

When Should I Take It?
Once per day, consume 1-3 scoops of GNC Pro Performance® AMP Amplified WheyBolic Extreme 60™ Power 30 minutes after your workout. On non-training days, consume one serving first thing in the morning. For extreme results, take the full 3 scoop serving pre- and post-workout.
