

UltraClear MACRO® is a high quality source of macronutrients (carbohydrates, protein, and fat) that serves as a preferred nutritional base to reduce the burden of substances that the body is required to detoxify. It is designed to be used in combination with AduClear® and other nutritional formulas to support detoxification. UltraClear MACRO is formulated for optimal digestibility by featuring a low-allergenic-potential rice protein concentrate along with sesame seed flour.

With a mild, pleasant taste, and formulated without common allergens, UltraClear MACRO can be used as part of a detoxification program, comprehensive elimination diet, or GI restoration program. It also features added levels of magnesium and important amino acids such as glycine and glutamine for support of balanced detoxification activities in the body.

Directions: Blend, shake, or briskly stir about 2 level scoops (40 grams) of UltraClear MACRO into 8 to 12 ounces of chilled water or juice twice daily, or as directed by your healthcare practitioner. For highly sensitive individuals, consider reducing consumption to 1/2 to 1 scoop with 4 to 5 ounces of chilled water or juice during the first 3 to 4 days before starting a full dose.

Caution: If pregnant or nursing, consult your healthcare practitioner before use.

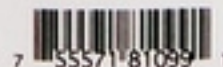

Storage: Keep tightly closed in a cool, dry place.

Formulated to Exclude: Wheat, gluten, soy, animal and dairy products, nuts, tree nuts, fish, crustacean shellfish, colors, artificial sweeteners, and preservatives.

Contents sold by weight, not volume. Some settling may occur during shipping and handling. Serving size is measured by weight with a scoop included for your convenience. The amount of product contained in two scoops may be above or below 40 grams due to variations in handling and product density.

TAMPER EVIDENT

Do not use if safety seal is missing or broken.
