BioRhythm

ADVANCED DIETARY SUPPLEMENTS

As an adult dietary supplement: Take first serving 4-5 hours before a full night's sleep to help assess tolerance. Do not operate heavy machinery including a vehicle until tolerance and effects are clearly identified and understood. Once tolerance and effects are clearly identified, take servings as needed, never exceeding 6 capsules in a 24 hour period.

Biorhythm Chill is a uniquely designed Anti-Anxiety Aid professionally formulated to address a growing problem in "Western" culture. An over-abundance of information, technology, gadgets and dietary caffeine has all contributed to the slow decay of sanity. We are now fitting twice as many duties into our declining waking hours.

Chill Anti-Anxiety Aid Promotes:

- Stress Relief
- Anti-Stimulant Effect
- Panic Relief
- Comfortable Relaxation

WARNING: This is a pharmaceutically dosed supplement. Do not use if you are taking any medications or consult your prescribing Medical Doctor first. Warning: For use by healthy adults only. Do not use if you are on prescription medications, have any psychiatric disorder, pregnant, contemplating pregnancy or have any other medical condition.
