Dosage Instructions: Start with 3 packets a day. For severe pain, take up to 4 packets a day. As pain diminishes, reduce to 2 or 3 packets a day for maintained relief or as directed by your physician. Many Relief Factor customers find relief within 2-3 weeks. However, it may take longer at a higher dose to resolve long-term chronic injuries or conditions.

Relief Factor is a powerful combination of Resveratrol, Curcumin, Icariin, and high-pointry Omega-3's to support relief of minor aches and pains. Each of hee clinically-researched ingredients helps regulate key enzymes and proteins intended to promoting issue health. Turment: Phospholipid is a well-researched seasonated extract of the spice humenr: that provides significantly enhanced seasona and bioavailability of curcumin. Resveratrol and Icariin, the key season constituent in Epimeelium, work together with Curcumin to support the Relief Factor's enteric-coated Omega-3 offers the highest concentrated EPA and 354 available to deliver targeted support for healthy healing pathways, with and and passing and presentative and passing and minor path relief.
